

Why should you join the National Enrolled Nurse Association of Australia (NENA)?

Do you want to raise the public profile of enrolled nursing and increase awareness of the value of the role?

Do you want to bring together a collective voice for all Enrolled Nurses?

NENA does!

NENA provides opportunities to network with peers all across the Country. NENA is all about sharing knowledge and experiences with other Enrolled Nurses.

NENA members also have access to *NENA News*, NENAs quarterly magazine. *NENA News* is published four times a year and only available to our members.

If you are interested in joining NENA, contact the NENA office for more information.
